Events Newsletter

Further details: <http://www.lungsatwork.org.uk/courses/all>

Events #1, 2, 4 and 5 – PLEASE NOTE:

- **Booking details will sent to those who fill in the precourse questionnaire; please request this from Magda Wheatley on m.wheatley@imperial.ac.uk / 020 7594 7990**
- **We ask delegates to bring a copy of a lung function report from the machine they use most often**
- **Each event is first-come, first-served**

1. Lung Function Testing in the Workplace - Introductory Level

Wednesday 6 March 2019 - further details on the [Webpage](#)

Registration fee: £175, including handout, lunch and other refreshments

Venue: National Heart and Lung Institute, Dovehouse Street, London SW3

Description: For those embarking on spirometry in the workplace, this course covers: an introduction to respiratory physiology; (hands on) practicalities of spirometry; simple interpretation of results; discussion of respiratory surveillance in the workplace for short- and long-latency respiratory diseases; quality control.

❖ **This event is not thought suitable for physicians**

- 6 CPD points (Faculty of Occupational Medicine)

2. Lung Function Testing in the Workplace – Intermediate Level

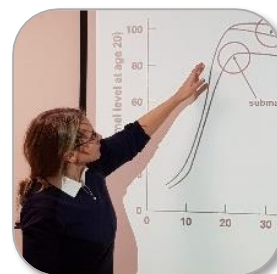

Thursday 4 April 2019 - further details on [Webpage](#)

Registration fee: £175, including handout, lunch and other refreshments

Venue: National Heart and Lung Institute, Dovehouse Street, London SW3

Description: The day includes discussion of optimal spirometry in the workplace: interpretation, abnormalities, longitudinal changes, individual variation and role in health surveillance; use in pre-placement screening/fitness to work; its use and utility. This is not a practical spirometry course; a working knowledge of practical spirometry is assumed.

- 4.5 CPD points (Faculty of Occupational Medicine)

3. Introductory Medical Statistics (2 day course)

Thursday 23 to Friday 24 May 2019

Booking link:

<https://estore.imperial.ac.uk/product-catalogue/faculty-of-medicine/nhli/introductory-medical-statistics>

Further details on [Webpage](#)
